

## APPLICATION FOR MINOR DEVELOPMENT

Please be sure that the proposed project meets the requirements of the Development Review Ordinance listed below. If the Planning Board determines that your project does **not** meet the requirements for a minor development, your application fee will not be refunded.

- I. **To be eligible for Minor Development status, proposed activities must meet all of the following criteria:**
  - a. The proposed activity is subject to the provisions of the DRO.
  - b. The proposed activity occupies an area less than 3,000 square feet in total; or the activity occupies an area greater than 3,000 square feet but creates little appreciable impact on traffic, air quality, noise, drainage, and natural views outside its location;
  - c. The proposed activity will required changes to the lot only to the extent needed for construction of the activity or for access during construction.
  
- II. **In addition to meeting all the criteria in Article XII, § 45-55 C 1.2 & 3, the application for approval of minor development may be made for4 any of the following application activities:**
  - a. An activity which would otherwise qualify as a customary home occupation or minor workshop operation if the owner were to reside on the premises;
  - b. A commercial, office, municipal, fraternal, institutional or recreational activity to be performed in an existing structure which will require no substantial change to the exterior of the structure;
  - c. An activity requiring the construction of a structure or facility, which is not inconsistent in size or appearance with nearby structure or facilities, or if it is not visible from dwellings, the road or the shore;
  - d. An activity which will generate only minor additional traffic to the neighborhood and the current or proposed access to the proposed activity is safe;
  - e. An activity which creates no noise, smoke, or emission of particulate matter that would create a nuisance to the neighborhood or to the public;
  - f. An activity that would create no drainage problems, unsafe, unsanitary, or unsightly conditions;
  - g. An activity which is an operation on a commercial, industrial, office, municipal, institutional, fraternal, or recreational site, including but not limited to landscaping, driveway building and maintenance, clearing, and construction of handicap access; and
  - h. A continuing municipal activity including, but not limited to paving, repaving, and maintenance of roads, parking lots, driveways, and municipal or public school structures and facilities.
