**LEWIS LOGAN, MAP 29, LOT 12D, APPLICATION #33-11**

This application is to construct a two bedroom house (24' x 32'), a garage (24' x 24'), a shed (10' x 20'), septic, well and driveway. Lew Logan described the project as low impact, and further stated the existing driveway is approximately half way to his property which he estimates is an addition 200'. He reports the lot size to be 2 3/4 acres. The foundation will be concrete with a cross wall and not a full cellar. His plan is to have the septic and garage done during the first year, have the house shell done the second year and complete the project in year three.
