GEI Engineering Quote for Grindle Point Pier

Chair George Evans sent the information via email and asked each member to approve or disapprove:

I would like to proceed with the Grindle Point Pier Inspection by GEI (Lauren Flanders and Leila Pike). We have positive assurance from GEI that the inspection will not cost more than \$15,000. And we have positive assurance from The Island Institute (Emily McCarthy) that the \$15,000 will come from the LEAP Grant. Emily has been asked to have GEI prepare a written agreement including these terms. The agreement will need to be signed for the Town of Islesboro by Janet Anderson.

Please respond to this email. Either "Approve or "Disapprove "

(I see no need for another meeting. We are fully informed).

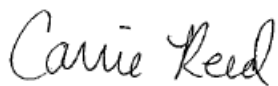

Your approval or disapproval is a vote!

Thank you. George Evans
