NEW BUSINESS

BOARDMAN COTTAGE, MD #1-13, Map 17, Lot 24

This application is for the construction of an addition to the Boardman Cottage. It was pointed out that there was an error on the application - instead of one additional bathroom, there will be two additional bathrooms. After review of the application, J. Harmen made a motion that the application comes under Minor Development and not Major Development. M. Small seconded the motion and it passed 5-0.

There was a question about the allowable square footage for the livingroom. It was determined that after adding about the square footage of the proposed project, along with existing square footage, that they are still without the allowed amount of lot coverage.

There is sufficient parking space to accommodate the addition of two extra bedrooms. All necessary permits, including the Fire Marshall's permit, is included with the application.

All abutters have been properly notified.
