

**IMPORTANT VOTE ON THE ISSUE OF IMPROVING
BROADBAND INTERNET ACCESS**

Annual Town Meeting, Saturday, May 30 GHK 9AM

This is the first of two votes on this issue. Approval of this one-time funding will answer remaining questions providing information voters need to decide whether or not to commit to building the full system. Similar to hiring an architect to design a new home and selecting the general contractor to build it, this will provide voters with detailed costs before the second vote late in 2015:

- *Cost to build the system*
- *Cost and requirements for house installations*
- *Cost to operate*
- *Cost to maintain*
- *Construction Schedule*
- *Funding source(s) & tax impact*
- *Household/business costs*
- *Household/business benefits*

Questions? Roger Heinen will be available to answer your questions 5–6 PM:

- May 25, 27 & 29 at the Islesboro Community Center
- May 26 & 28 at the Town Office
